NEW DIGIT MAILING DEVICE WILL SPEED SERVICE SAYS SPIRES

Postmaster Frank S. Spires today revealed the complete structure of the ZIP (Zoning Improvement Plan) Code Program which will become available for use by mailers on July 1, 1963.

Five-digit ZIP Code numbers are currently being assigned to every post office and city delivery zone in the country as well as to some individual large office buildings such as Federal agencies in Washington. Spires said, "The new system will make it possible for businesses to presort mail by existing automatic data processing equipment with little, if any, additional effort or cost but with great savings in time and expense to the Post Office Department, resulting in better delivery of all mail."

He explained that ZIP coded mail will be able to by-pass as many as six current hand operations and will lay the ground work for extensive automatic sorting of mail by optical reading equipment in the future. Wide spread use of ZIP Code by the public will be urged only as part of an individual's return address in order to permit banks, insurance companies, magazine publishers and utilities to keep their ZIP-coded mailing lists up-to-date after July 1.

The Postmaster stated that the first digit of each ZIP Code number represents a large geographical area of the country ranging from as many as seven to as few as two states. The second digit designates the State of California, the third digit designates the Berkeley-Albany-Kensington Post Office and the last two digits of every ZIP code represent the local delivery zone.

At the present time only 109 major cities are currently zoned for local mail delivery. However, the Postmaster General, J. Edward Day, has announced an additional 98 large post offices are now being zoned in preparation for full application of the ZIP Code Program July 1.

Here's how it works:

If your present address is in Zone 9 your new mailing address would read, for example:

Mr. Zip
3374 N. Dinwiddie St.
Berkeley, California 94709

If you reside in Albany 6 at present your new mailing address would end: Albany California 94707.

The Post Office has already begun assigning ZIP numbers to big volume mailers which will have to make adjustments in electronic equipment before the July 1 deadline.

Householders will be notified of their ZIP numbers in the coming weeks.

Dog Control Requested

The health department has recently received a rash of complaints about dogs ranging unrestricted on play areas and rights of way, according to Deputy Health Officer Harold Van Coops.

Since the wastes of dogs contain parasites which can infect children; and since dogs deposit their wastes wherever they roam, especially on lawns; therefore, aside from the constant threat of rabies from biting dogs, the presence of dogs on public property is a public health nuisance.

The animal control officer will pick up and carry to the Berkeley Humane Society any dog found on public grounds or in public buildings, whether it bears a license and rabies tag or not. Albany citizens are hereby warned to keep their pets restricted by either fence or leash in order to protect the health and safety of the children.

Chamber Lunch Today - - -

The Chamber of Commerce will hold their regular monthly luncheon meeting Wednesday noon, June 26, in the Berkey Lee Restaurant, 718 San Pablo Avenue.

The meeting will be devoted to discussion and plans for Albany's Art Show and Merchants Bazaar to be held August 23, 24 and 25.

Members are urged to bring a fellow merchant. Phone reservations to the Chamber office: 525-1771.

Albany Will Fly Flags On Fourth

Everyone in Albany is getting ready to unfurl the American Flag and make this a City of Flags this next week.

The history of this ambition to make this area a patriotic display stems from one citizen, Joe Jeans, who drove the streets of Albany on the last Independence Day and found the city independent of much spirit. Being in the real estate business, so that he counts houses instead of noses, he tallied the flags and found only 207 seeds of red, white and blue that had sprouted and blossomed for the day of constitutional freedom.

Jeans' inventory was heard. The American Legion, Albany Post 292, started a campaign with the help of merchants and civic committees, and on every patriotic holiday, more and more flags have been raised.

This Fourth, both Jeans and the American Legion will tally the flags. And Albany intends to fly them. If any citizen hasn't purchased his yet, Harold Ogden, acting for the American Legion Service, can supply them. His phone number is 524-5909. Park and Shop is also offering them, with kit included, for $2.97.

Get your flag and get ready!

Lions Installation Held At Mira Vista Club

A new year of Lionism began Saturday evening, June 15, at the annual Installation Party held at the Mira Vista Country Club.

Following the social hour and dinner, outgoing President Jim Tamura relinquished the gavel to new President Larry D. Saler. Serving with him on the elective board will be Jack Hoyt, first vice president, Walt Sears, second vice president, Allan Vincent, secretary, Lloyd Stratford, treasurer, John Kampe, Lion tamer, and Henrdy Vila, tailtwister.

Board of Directors for the 1963-64 term are Joe Koeppel, Al Drozda, William Savage and Frank Canuso. Installing Officer for the evening was Past District Governor William Thomas.

Following the induction, John Brandau, a past president of the Albany Lions, presented a special Lion's Meritorious Service Award to Thomas in recognition for his outstanding contributions to Lionism in District 4C3 and Albany.

One of the highlights of the annual dinner meeting is the "Outstanding Lion of the Year" award. This year the award was greeted by resounding applause as Al Fisher was called before the head table. Al, a Charter member, helped in the organization of the club, became president, actively participated in the bond drive during World War II when the Albany Lions totaled thousands of needed dollars, and has contributed uncountable hours helping the blind at the Blind Recreation Center, a project sponsored by the Lions. Fisher has built the phenominal record of 20 years of perfect attendance.

The successful evening concluded with the 115 Lions and guests dancing to the music of Sammy Lico.

July Fourth Celebration Announced

Memorial Park, Portland and Ramona Avenues, will again be the site for Albany's Fourth of July Celebration. Activities will get underway with a Flag Raising Ceremony by the American Legion at 9:30 a.m. followed by a Little League baseball game. Other activities scheduled throughout the day will include Folk Dance Exhibitions, Sand Castle Contest for Children, Watermelon eating contest sponsored and directed by the Albany Lions Club, Children and Adult participation Contests which will include Races, Tug of War, Rolling Pin Throw and other events.

Square Dancing will be featured at the High School Auditorium, while a Band Concert, Community Sing and Twist Contest will be highlighted at the Park. A softball game pitting the City Officials against the City Employees will be featured along with a Horseshoe Pitching Contest starting at 4:00 p.m.

Free coffee and ice cream will be furnished, courtesy of the Chamber of Commerce and Safeway Stores, Inc., while the Food Booth will be manned by the Alteen Club throughout the day. Activities will conclude with a Pony League Baseball Game at 5:00 p.m.

We hope to see all of you there, participating in a safe and sane Fourth of July in Albany.

CLEAN-UP WEEK—Information pertinent to Annual Albany Clean-Up Week has been delivered to residents within the city. Receiving hers from Fireman Gerald Vittitow and Fireman William Ledgerwood is Mrs. Joel Parker, Jr., wife of Councilman and Albany Fire Commissioner Joel Parker, Jr.

Clean-Up Week in Albany July 8 Through July 12

Members of the Albany Fire Department, in keeping with National Clean Up Week, are cooperating with the Albany Department of Public Works and the Oakland scavenger Company by passing out clean up week literature to all Albany householders informing them of the coming activity.

The information contains procedures for disposing of unwanted debris and how it will be picked up free of charge by the scavenger company.

This is an annual affair and is sponsored by the Fire Department and Department of Public Works of the City of Albany.

Pick up week will be during the week of July 8 to 12 inclusive and all households wishing to avail themselves of this free service should read the material handed them by the local firemen or call 525-6116 or 525-7141.

Fire Plug

Fire Captain William Lanctot of the Albany Fire Department reveals national statistics show that one out of every five fires of known cause is of electrical origin. The Captain states that if the few following simple rules were followed regarding electricity this average would be notably lowered and the home would become much safer from the cause of fire.

1. Blowing of fuses is a danger signal for overloading of electrical circuits.

2. A proper size fuse is a safety valve — do not tamper with it.

3. Use the services of a licensed electrician for any repairs or extensions of wiring.

4. Buy only electrical appliances and materials approved by the Underwriters Laboratories. A UL label is attached to all approved items.

5. Check extension cords frequently. Replace any which look worn or broken. Never run corns under rugs and never use multiple outlets.

These simple but sensible precautions, says Captain Lanctot, may save your home from the national statistics of fire causes and losses.

TWO POSSIBLE SITES UNDER CONSIDERATION FOR CITY BUILDINGS

Members of the Albany Citizens Committee for City Buildings discarded reconstruction as a solution to the city's problem and settled on two possible sites for the new building or buildings at their June meeting at City Hall.

Following reports by the chairmen of site and reconstruction, those committees were disbanded and members added to the committee for new construction.

Site Chairman C. F. Graeber reported his committee favors two possible sites: the "pie-shaped piece," a triangle to be created at San Pablo Avenue and Buchanan Street when Marin Avenue is extended to Buchanan and secondly, the present location of the police and fire station at San Pablo Avenue and Washington Street.

Reconstruction Chairman Robert Hughes said there is "no way to reconstruct the police and fire station." Offering several proposals for remodeling City Hall and building a new annex, he estimated the annex would cost $100,000 and remodeling, $36,000.

The triangular piece of property, owned by the University of California, is available to Albany, Administrative Officer James B. Turner told committee members, adding the cost is in question. City officials have been unable to obtain the property in consideration for services rendered to University Village and are currently negotiating with university officials on a price. Turner said bids for the Buchanan Street overpass must be advertised this fall if the city is to take advantage of funds allocated by the state highway department. The extension of Marin and isolation of the prime location for city buildings are part of the total project.

Chairman George Vila instructed the new construction committee to meet in July to discuss layout and approximate costs of three buildings or one multi-story building and off-street parking for at least 25 cars on the two sites named by the site committee. Graeber and Hughes will serve as sub-chairmen of the enlarged committee under Chairman Clement J. Tobin.

Committee members were told the police department now has 2,516 square feet, needs 6,380; fire department has 3,360, needs 7,319; city hall, including Park and Recreation Department now in an annex, has 4,748, needs 8,600 square feet.

The next meeting of the general committee will be at 8 p.m., Wednesday, August 21, at City Hall.

Meeting at UC Planned By Council

The Albany City Council, Monday night, June 24, authorized Administrative Officer James Turner to contact the University of California at Berkeley and make an appointment for a consultation between Mayor Joseph Egenberger, City Attorney Lawrence Saler, and Turner and President and Chancellor to set a figure for the pie-shaped property under consideration for new civic buildings at Buchanan and San Pablo.

This step toward the availability of the section of the Gill tract has been under consideration since the knowledge of severance by the new Buchanan Street routing.

Other council business included:

Authorization for the Street Department to move ahead with the program of abatement of weeds; Ordinance No. 63-04, ie Solicitation licenses, be held over two weeks; Variance request of T. Makinen, 1007 Evelyn, be held over one week so agreement on easement between Makinen and W. B. King, 1242 Marin, may be considered.

During the Good of the City, Joseph Stone, Orinda, artist-manager of the Albany Art Festival and Merchants Bazaar informed Council 96 letters have been sent out to residents on Key Route Blvd. advising the homeowners that the model of the festival would be on display daily at the Albany Chamber of Commerce office.

Golden Annversary Celebrated By Mr. and Mrs. A. E. Murrow

The Golden Anniversary of Mr. and Mrs. A. E. Murrow of Evelyn Ave. was celebrated recently at the home of their son, Jack Murrow of Talbot Ave. The senior Murrows were married in Hillsboro, Oregon on June 8, 1913.

They had led very active lives, always being interested in and working for the welfare of children. They began by teaching in one-room schools, Mrs. Murrow continuing her career until retirement. During the years, Mr. Murrow followed other lines of work but always had children at heart as he worked with the Boy Scouts. He served as Scoutmaster for several years and as Park Commissioner in Portland, Oregon. Mrs. Murrow was honored in 1958 as a 4-H Club leader receiving an emerald twenty-five year service pin.

Their years between retirement and moving to Albany were spent in traveling by trailer over the United States and visiting all but eight states. Now they're relaxing and enjoying being near their son and his wife and grandchildren, Nancy and Jim.

At Howard's - - The Simca

Howard's Motor Sales, 969 San Pablo Avenue, Albany, California, has been appointed an authorized Simca dealer to sell Chrysler Corporation's newest economy import — the rear engine Simca 1000 four-door sedan.

"This all-new car is being sold in the United States for the first time after winning laurels as a top favorite in Europe's Common Market Countries and around the world for more than a year. It is priced at $1,685 P.O.E. at West Coast ports," Mr. Howard Rohrer, owner, said.

Calling the Simca 1000 "the best Simca car ever produced," Mr. Rohrer said that the Simca 1000 cars are now available in his Simca showroom.

"Chrysler Corporation's increased interest in Simca Automobiles of France and the all-new Simca Automobiles of France and the all-new Simca 1000 rear engine sedan will make Simca a major contender in the U. S. import market," Mr. Rohrer said.

"Because this car offers straightforward styling combined with outstanding performance and economy, we are convinced it is going to be as great a favorite with American import buyers as it has been with car buyers all over the world. Chrysler Corporation's recent purchase of additional holdings of stock in Simca Automobiles has increased its ownership of Simca stock from 25 to 63 percent, and Simca now has the full backing of Chrylser Corporation."

ALBANY PARENTS BROUGHT HAWAII to the high school graduates as a theme for the all-night party. Arriving to enjoy the festivities were Rich Rago, Kathy Starbuck, Diane Mangold and John Walden.

High School Graduates Attend All Night Party

To celebrate five years of study, Albany High School graduates and their "dates" were entertained graduation evening at the All Night Party, planned and sponsored by parents of the senior class. This traditional Albany High event was held in the Marine Room of the Golden Gate Turf Club, set to a theme of "Island Magic."

From 10 p.m. to 3:00 a.m. the guests enjoyed dancing to the inimitable rythms of Ben Meltzer and his band. An hour long floor show was provided by "The Tropics," the show climaxing with the Tahitian Fire Dance.

Under the able leadership of Mr. and Mrs. Jay Bricker and Mr. and Mrs. William Tidwell and a hardworking committee, the decorative theme was beautifully carried out. Tropical flowers and plants, shells, nets, a grass shack, a volcanoe and tiki lamps made the club rooms a veritable island paradise.

A buffet supper was served throughout the evening. Before departure at dawn, the guests enjoyed coffee and doughnuts.

General Chairmanship for the gala affair was under the direction of Mr. and Mrs. Paul Calderhead and Mr. and Mrs. Mark Crewdson. Other committees were headed by Mr. and Mrs. Del E. Wisenor and Mr. and Mrs. Frank Downing, Mr. and Mrs. Rolland Edwards and Mr. and Mrs. R. C. Moulton, Mr. and Mrs. Ben Eaton and Mr. and Mrs. W. O. Foott, Jr., Mr. and Mrs. Bill Mackenzie and Mr. and Mrs. Lloyd F. Clopton, Mr. and Mrs. Robert R. Pruden, Mr. and Mrs. Edmund Cooper, and Mr. and Mrs. Merritt Thomas. Mr. J. W. Nunes handled details of financing for the party and Mrs. J. W. Nunes served as secretary for the group.

JEROME BLANK REALTY

What's This Syndicate Business?

The word "syndicate" has some rather lurid connotations, such as "The Untouchables"! Actually, when you hear of a syndicate being formed to invest in real estate, this is nothing more than a group of people joining together to achieve certain goals by pooling their funds. In so doing, they are able to buy better properties and receive better yields on their investment than they could do by individual investment. We might better term this type of activity as a "joint venture."

For instance 5 people in the same car pool might decide to each put $10.00 per month aside, for the purchase of a small income property. Each might put up $200 capital as a starter. Then with the $1000 capital so formed, they might buy a small rental home, and as their $50 monthly joint payments accumulates, they could consider buying a 2nd property. As their equity grows in their first 1 or 2 properties, they trade them in on a fourplex later into an apt. house. Equity-building and inflation could raise their starting capital of $1000.00 to several thousand dollars in a few years. At the end of 10 years it is conceivable that each member of the starting car pool could withdraw 4 or 5 times what he has contributed to the "syndicate."

This is not mere conjecture. Many of our clients started their investment program in just this way, by setting aside small amounts, with others, and allowing us to manage their investments in real estate. Real estate offers fascinating opportunities to those who will take the time to explore its ramifications.

What did radios have in 1933 that they don't have today?

Answer: They had higher-priced power . . . because PG&E prices are 8% lower today* than 30 years ago. (So how come your bill is bigger now? Just because you're using more and better appliances these days.)

Ross Cheney Off On Another Trip

Albany's traveling nonagenarian, Ross Reed Cheney, has succumbed once more to that "itchy foot" of his.

He isn't quite sure how far he will go. "Maybe Florida," he says, as casually as anyone else would mention a trip to the corner market. His itinerary is flexible, including at the moment stopping off places in Los Angeles and Evanston, Illinois. From there, it will be where the spirit moves him, and according to past performance, the moving spirit within this 91 year-young Dapper Dan of Albany could take him almost anywhere.

Cheney was born in Roscoe, Illinois, and although he was too young to remember it, his parents took him to Chicago to see the damage caused by Mrs. O'Leary's cow when the resultant blaze destroyed the heart of the windy city in the historic Chicago fire.

He can remember, however, seeing General Grant campaign for the Presidency, when Grant came to Rockford and participated in a parade. He remembers marching in a memorial procession for President Garfield. During the tragic fire at the opening matinee of the new Iroquois Theatre in Chicago in 1903, Cheney helped in the ensuing panic. He recalls that most of the 602 persons who met their death in the disaster were trampled to death. Blankets were brought to cover the rows of dead laid on the sidewalk awaiting identification; Cheney remembers this detail vividly, because he assisted in getting the blankets from Marshall Fields and performing this act of finality.

Although his memories are rich and cover government events, theatrical events, and the scientific advances of the twentieth century, Cheney is interested in progress. He can be seen at the Albany City Council meeting every Monday night where he keeps his analytical eye on the City Fathers. He also visits council meetings all over the country, taking mental notes.

His hobbies include spectator sports; he is an avid football and baseball fan.

Cheney lives with his granddaughter, Mrs. Zettalynne Pope, and he takes great pride in his great-grandchildren, Reed, 13, who was a June graduate of Cornell school and was salutatorian of the class, Arnell, 11, Daniel, five, and Kevin, four.

save

One of the hardest things for a family to do is save. If you know any savers ask them how they do it. First, you should be systematic. Also you should not necessarily try to start with a big initial deposit. At Mechanics you can start an account with as little as a dollar and then work up. And when you do . . . be systematic.
